

## Asumi Nomoto

**Country:** Japan

**Course:** Diploma of Tourism

**Institute:** TAFE NSW - Sydney Institute

Ms Asumi Nomoto, a graduate of TAFE NSW - Sydney Institute, is planning to undertake a Bachelor degree program at the University of Technology Sydney (UTS).

“TAFE NSW provides great opportunity for international students supporting every one of them thoroughly by experienced teachers. Also not having large number of students in the class has helped the learning process and teachers and students communicate well together. If you have a question about the subject and the assignment, you teacher would be more than happy to help you, giving advice and direction.

The Tourism Course I am studying has teachers who have actually worked in the tourism industry and as a result we could learn practical skills as well as theories. My class has people from different backgrounds as well as local Australians. Everyone is studying hard towards their own goals. I found the life in TAFE NSW exciting.”
