

Randy Reyes

Country: Philippines

Course: Diploma of Community Services

Institute: TAFE NSW - Northern Sydney Institute, Northern Beaches College

Randy Reyes loves the education and lifestyle in Australia so much that he is currently studying his third course here.

Randy commenced his studies in 2010 at TAFE NSW - Northern Sydney Institute. He excelled in his studies and achieved first place in the Certificate 3 in Aged Care and then completed a Certificate 3 in Community Services Work at a distinction level. In 2012 he enrolled in the Diploma of Community Services.

TAFE NSW hands-on approach is what attracted Randy to enrol at Northern Beaches College.

“I was particular in my choice so I could gain a nationally and internationally recognised qualification and where highly-qualified teachers deliver lectures and class discussions in an interactive environment.”

Randy is enjoying the intensive theory and practical skills training knowing that as a graduate, he will be able to competently design and deliver programs for client, undertake advocacy work, community development and case work.

During his studies, Randy has worked as a volunteer with the Uniting Care Ageing Wellness Project. Through his empathy and sensitivity he made a real contribution to people living with a disability and the frail aged in the community.

“I value the fact that TAFE NSW graduates have an edge in the industry because of the practical work placements that are part of the curriculum which enable students to gain experience in their chosen field.”

Randy enthusiastically advises people considering studying in Australia:

“Don’t be afraid. A very exciting experience awaits you... embrace learning, enjoy the culture and learn the language.”
